"THERE'S A SUCKER BORN EVERY MINUTE"--- PHINEAS T. BARNUM
(in-joke concerning a member of the
staff i.e. the newspaper staff)

DR. ROBINSON IS DEAN

On March 5th, it was announced that Dr. E. A. Robinson has been appointed Dean of Erindale College.

Dr. Robinson has been Associate Dean since 1966 and then Acting-Dean since Dean Colman was moved to Scarborough College last year.

In addition to these administrative responsibilities Dean Robinson will continue to be Professor of Chemistry teaching undergraduate courses at Erindale and conducting graduate studies at the University's St. George campus.

Dr. Robinson, born in London, England, and educated at the University of London where he obtained his B.Sc. and Ph.D. degrees, was a post-doctoral fellow at McMaster University, then joined the University of Toronto as Assistant Professor of Chemistry in 1961.

The new Dean is a fellow of the Chemistry Society of London and the Chemical Institute of Canada, a member of the Faraday Society, the Canadian Film Institute, and the Ruskin Literary and Debating Society of which he is now president.

He has lectured extensively in England and Scotland, Canada and the United States; he has addressed university science assemblies in Moscow, Leningrad and Kiev at the invitation of the U.S.S.R. Academy of Science.

SILK PURSE FOR PRESIDENT

It was passed in the S.A.G.E. meeting last week that the president of the Council will receive a small salary.

This amounts to \$25.00 per week during the summer and \$5.00 per week during the school term.

The salary was felt to be a small reward for the time spent by the president working on Council matters when he could be on holiday.

S.A.C. - SACKED OR NOT SACKED

Some of the candidates for the presidential and vice-presidential positions of S.A.C. visited ERINDALE COLLEGE yesterday (Thurs., March 5/69). Ken Philbrook, ERINDALE'S S.A.C. representative introduced the candidates to give a very brief outline of their policy regarding ERINDALE.

Gus Abols and his vice-presidential candidate, B. Thompson seemed to feel that ERINDALE'S (and Scarborough's) problems could not possibly be understood by anyone downtown and that perhaps our separation from S.A.C. would be justified. He said, however, that both campuses could make special private arrangements for our needs and thus budget our money that way.

Marty Silver, Vice-presidential candidate who is running on a ticket with Abe Mudrick and who also attends Scarborough College spoke for this team. He felt that he was closer to the problems at ERINDALE because he experienced the same type at Scarborough.

"We must stay in S.A.C. because we need a university-wide organization," said Silver. Silver, if elected plans to initiate a second VICE-PRES. who will come from Scarborough or Erindale College. This way, he feels that our problems will be given the priority they need.

The third team of Bob Barkwell (presidential candidate) and John Oldham also felt that we should remain with S.A.C. because they have so much to offer us. Oldham promises, if elected, to come and visit us for a half day every week.

POETRY CORNER CANCELLED

Poetry Editor Jones has still not recovered from the shock of the election.

LETTERS TO THE EDITOR

Fellow Students,

Now that the elections are over, it is time once again to get back to some work. But before I do, I wonder if we might be able to reflect on the election for a moment.

I would like to express my sincere gratitude to you for your support during the campaign and I would particularly thank the people who worked so hard for me. Most of you know that in some cases this has been a frustrating year for me and for S.A.G.E. So it is particularly gratifying to see so many people give up their time and energy for me.

I would like to congratulate all the candidates and, indeed all the students for the campaign that was waged this year. I think that the election was conducted on a very high level and has gone a long way towards instilling some spirit and discussion in the college. My two opponents certainly put up a commendable fight and I congratulate them for this. I would also invite them to take an active role in the development of the college by taking some position on S.A.G.E. because I don't think their talents should be lost to the college.

I extend my best wishes to the new executive: John Hazlewood, Bob Thomas, Sue Plamondon, and Gene Cervini - certainly all top choices. I look forward to working with these people closely.

Many issues were raised during this election and I hope that through the year, these issues will not be forgotten. I made a number of promises myself during the campaign and I intend to honour them as far as possible. But further, I hope that you will make certain that I honour them. May I remind you that all meetings of any kind in this college are open to the student body. I plead with you to come to these meetings - find out what is going on, express your opinion, and, most important, keep your student government on its toes.

I thank you again and I ask you for your continued support throughout the next year.

Sincerely,
Paul Kochberg

THE ERINDALIAN GETS ACTION

Last Friday's Erindalian ran a letter by myself protesting the flavour of the coffee offered by Canteen of Canada. Once the cafeteria discovered who I was (thanks to a little stoolie) I had some difficulty in buying my lunch. I was told that mine was the only complaint and that there was nothing wrong with the coffee.

Within the course of fifteen minutes 38 students selected at random had signed a paper stating that the coffee could definitely be improved. This list was then handed to Mr. Stan Wardle, manager of the cafeteria. We discussed the problem of quality control, flavour, and methods; then we decided to talk to the salesman.

Tuesday morning, Mr. Ken Graydon of the Sterling Coffee Co. Ltd. met Mr. Wardle and myself. With various tests and temperature measurements, Mr Graydon discovered the problem and accordingly the necessary adjustments to the coffee and the process will be undertaken.

To some, this may seem a paltry problem but Mr. Wardle told me that on some days as many as 200 cups of coffee are sold between noon and 1:00 P.M.

And don't forget that the Erindale cafeteria is one of the few places left where you only have to pay a dime for a cup of now improved coffee.

VIET NAM, CUBA AND THE NEW LEFT

A week ago yesterday, there was a confrontation between two members of the College faculty and two faculty from the State University of New York at Buffalo. Tom Adamowski and Bill Berman discussed Viet Nam, Cuba and the New Left with John Marciano and Bill Yates, members of SDS (Students for a Democratic Society) and co-directors of the Center for the Study of Racism.

Bill Berman spoke first in a forceful lecture on MacCarthyism, Cuba and Viet Nam. He said that the most militant students are the ones with the highest marks and the strongest moral conscience. "The teach-in movement marks the real beginning of the Viet Name protest", he stated. Unfortunately what could have sparked a strong reaction from the audience was only an enlightening lecture.

John Marciano spoke second and told only of the origins of the SDS movement along with some of its history. But his partner Bill Yates, a self proclaimed Marxist, came on strong in his language and his presentation of his views. He expounded a Socialist revolution in the U.S. but offered no concrete claim to a better type of system once his revolution took place. "Up against the wall you mother-fuckers, this is a stick-up", said Yates. This seems to typify the half solution of his revolution.

Finally Tom Adamowski of the English department delivered an eloquent but biting speech making a great number of references to important authors. Unfortunately this writer was not familiar with any of the names. Again little was offered in the way of a personal concrete stand on Viet Nam or Cuba or the New Left.

After the formal speeches, the audience was brought into the confrontation by posing questions to the panellists. There is little space here for an account of all of the questions but one particularly comes to mind. When Bill Yates was asked about his view on Viet Nam he stated that in 1963-64 the SDS was against all war. But he now sees the war as a means to start his own revolution. "We want the Cong to win", he stated.

THE CO-OPERATIVE

Ideal? Five people paying \$14.50 a week for a 6 room house (1 bathroom). Rules? Only one: don't hurt thyself or others in the co-op. Authority? No authority above, just authority within from the students.

University of Toronto owns the co-op at 3327 Mississauga Road and Peel Halton Trust Company handles it for them. Back in November 1968, the house was reserved for faculty, but students were more needy of it. So in November, two dashing cavaliers, Professor Powell and Dr. Plowright generously paid the first 3 months rent in their bid to institute a meaningful living community for Erindale students (Mrs. Vanderburg and Andre Bennett assisted the Professors). In December, 1968, two students moved in. Now, the "five family" members (the two professors do not live there) enjoy together meals (suppers of fish or meat usually; self-cooked breakfasts and lunches), interesting after-dinner discussions, chess games and a serene atmosphere conducive to study.

What bothers these students about the co-op? Privacy? All have different timetables, so all are usually home at different times of the day. At night, privacy can be found at Colman House. A big problem is laundry. That problem will vanish when the washing machine is fixed. Their greatest problem is the undeserved censure by some faculty of students, most of whom have never been in the co-op.

Anything else happening? Of course! About once every 2 weeks, convivial gatherings, with people mingling like octopi at a minnow party, take place. The Co-op, furthermore, has seen movies made there. The former according to Larry Mastromatteo will premier at Erindale soon. The latter, a day in the life of Professor Powell, was a 15 minute documentary, some of which was filmed at the co-op. So far, approximately 55% of Erindale's students have been at the co-op. The Principal, nurse, Daan Robinson and other faculty members have been dinner guests. Visitors for 75¢, with the permission of "co-op" members, can "dine" there.

All the students like their independence; no more "mommy" and "daddy" telling them to wash the rings away from the bathtub or the "potatoes" out of their ears. They like the responsibility of handling their own finances; of forming relationships with people. To them, the "Co-op" increases their self-respect and their nods of agreement confirm it really is "home".

SPORTS

Ken Luckhurst

Hockey - In our last game of the year we were defeated by a score of 12 to 2 by St. Mike's. The team wishes to thank the fans for their support and Mr. Bartlett for his help.

Basketball - Erindale lost its final game to Vic 91 - 46. Better luck next year!

Judo Club - The club wishes to congratulate Lex DeMeut and Dianne Huba on receiving their yellow belts.

The group that will be participating in the Southern Ontario Championships on March 15 has swelled to four. John Hazlewood, Don Brooks, Joe Murphy and Lex DeMeut are the boys called up. Support for these contestants is badly needed. As was stated before, the Physical Education department will provide subsidies to those driving to the meet.

For those who have nothing better to do to-night come and see what Judo is all about. The movie "Judoka" featuring Doug Rogers will be shown at 9:30 at the Oakville Hatashita Judo Club, South Service Road, just west of Kerr St. off the Q.E.W. in Oakville. Anyone wishing to attend, who can't get a ride talk to John Hazlewood.

FLASH

We the gallant men who are considered to be the "babies" of Erindale College who still think the Kentucky Derby is a hat would like to extend a challenge.

On Friday afternoon at 4:15 we hereby you big second year "wondermen" to a blood and guts game of hockey to prove once and for all exactly who the MEN in this college are.

If your unknown storehouse of nerve and your mothers will allow you to show up, we'll see you at Huron Park at the stated time for the ultimate battle.

HUMOUR!

GOSH!

It was reliably reported Friday, March 7th that a great hairy hyena who had been attending classes at Erindale for the past two years, has been expelled. "He was very likeable", conceded Mr. Peter Findlay, in whose French class the aforementioned hyena secured an A+.

"He grunted and laughed a lot", admitted his many Erindale friends. "But what do you expect from a II Arts philosophy major". The cafeteria staff didn't really think anything of Herman, the hyena until he started opening Campbell's soup cans with his nose. "That was really something", exclaimed one of the kitchen-helpers.

Hermen played lacrosse at Hart House for three and one half games, until in the third he was expelled from the game for pitching pomegranates at spectators. Dr. Wilson told the Erindalian that the student would be reinstated to Erindale once the nurse could give him his worm shots. "From now on, student lunches will be **checked!**", asserted Dr. Wilson.

BEWITCHED!!

Barry Houston (Arts II) and Susan Crowe (Arts I) seem to be. They are going to direct a seminar discussion on witchcraft at State University of New York at Buffalo on March 14th. Who says we don't have any specialists at Erindale??

NOTE: We of the Erindalian staff would appreciate suggestions from the student body to improve our newspaper in any way.

ARE YOU POOR V BRIGHT V BORED?

If so, here is the cure:

The following is a solution to a puzzle cast into a symbolic language. This language was designed only to express this problem, it is a kind of code. The first person to crack the code, that is to say, assign meanings to the symbols, and to determine the puzzle wins \$15.

$$S \rightarrow A_4 B_4 C_4$$

$$(1) [A, B]; -1, 0, +1$$

$$0 \ni C \ 1/4$$

$$C \rightarrow D_3 E$$
